

LuxaCrown[®]

The quick and affordable way to
beautiful, long-lasting restorations

Before

After

A beautiful smile on your time, your budget and your terms

Postponing dental treatment plans due to cost and time constraints can impact your dental health. LuxaCrown is an alternative solution that will keep your health on track. The long-lasting crown and bridge material preserves, protects and creates beautiful smiles immediately, giving you the freedom to pursue permanent treatment over time. Receive the best oral care with LuxaCrown and transform your smile today with the comfort of knowing time is on your side.

SMILE AGAIN WITH LUXACROWN

The fast, easy and affordable solution to complete oral care

LuxaCrown is a quick and economical alternative restorative solution that can stop the progression of dental issues. Your dental health is reliably and quickly maintained in one office visit until a more permanent treatment can be performed.

Stabilize

LuxaCrown works to stabilize and preserve teeth that could be lost if left untreated. Dental health is maintained until more permanent treatments can be performed.

Beautify

Get the beautiful smile you want now, without compromising function or aesthetics along the way to your permanent restoration. Exquisite, life-like results are delivered in one office visit, providing a beautiful and reliable long-term solution.

➤ *Ask your healthcare provider how LuxaCrown can help you achieve your smile goals today.*

Used for crowns, bridges and so much more, LuxaCrown quickly restores the natural form and function of your teeth. Give yourself the gift of a confident and healthy smile as you prepare for a permanent solution.
